#### UNTIMELY DEATH OF BRILLIANT WRITER

Attack of Pneumonia Proved Fatal to Tempe Man After a Short Illness.

Emil L. Patterson, mention of whose serious illness has been made of late from time to time in these columns, died late Saturday evening at the home of Rev. McGhee, pastor of the Christian church, after an illness of only a couple of weeks. Mr. Patterson came here some three or four months ago to enjoy the advantages of a mild winter climate. His circumstances and conditions were peculiar, for he had been a cripple from birth and has been obliged at all times to use a wheel chair. Despite this affliction he managed to complete a school course and was recognized as a scholar. He took up religious work while a young man and devoted much of his time to correspondence for a number of well known religious publications. He took up office quarters after coming to Tempe with R. A. Windes and also had his home at the office. In addition to his other work, a few weeks ago he took the local management of the Arizona Democrat and was engaged in that work when taken sick.

His physical condition was such that he had little hope against a serious attack of pneumonia, and, though taken to the McGhee home and given every possible care, he had not the strength to fight off the disease, and the end was anticipated by his friends several days before it came. Last week, when it became so evident that he had no chance of recovery, his relatives were notified by wire and a brother from the east was en route here at the time of Mr. Patterson's death. He was expected in last evening and the funeral arrangements had not been announced to the time of writing yesterday.

The deceased made many friends in Tempe during his short residence here and enjoyed the profound respect of

very one with whom he was associated.

#### CHANGE IN SERVICE.

A change of considerable importance with respect to telephone service for the farmers under the Tempe canal is planned for the near future and is quite thoroughly explained in the following letter which has been sent each stockholder by L. E. Patterson, secretary of the Canal company. Mr. Patterson's letter says:

"The board of directors of the Tempe Irrigating Canal company has signed a contract with the Overland Telephone company to get connections with the Overland Telephone service on or about July 1, 1912.

Our big sale will continue next Saturday and will close then, positively. For on Monday we expect to take inventory preparatory to opening our branch store in Phoenix, and to get ready for our large line of spring stock. Remember, this week will be your last chance to take advantage of the present prices and you can hardly afford to overlook them.

#### ART EXHIBIT.

Those who appreciate art should not fail to attend the exhibition which begins at the normal track this morning at 9 o'clock and will continue on through the week until Friday evening. A feature of the exhibition will be an entertainment on Tuesday beginning at three in the afternoon and consisting of:

Vocal solo ..... Miss Critchley  
Schoolroom decoration .....  
Vocal solo ..... Prof. Matthews  
Visits to Cathedrals and Picture Galleries of Europe ..... Dr. Bolton  
Art Lecture ..... Prof. Felton  
Fifty of the two hundred pictures will be arranged for this occasion.

#### A POOR SHOWING

In extension for the rather poor showing that the normal track team made Saturday against the Phoenix high school team at the fair grounds, it is only fair to say that several of the normal's best men were laid up with sickness and the team was generally demoralized. Then, too, with last year's graduating class, the normal lost some material it has not yet been able to replace.

#### BURNS MAN HERE

C. J. Burns of Los Angeles, from the W. J. Burns detective agency, is in Tempe investigating the recent attempted robbery of the Farmer's and Merchants' bank. Mr. Stanley is convinced from what he has been able to see and learn of the unsuccessful attempt that it was the work of those unfamiliar with the game. He does not care to commit himself just now as to whether or not he has any hope of capturing the guilty parties, but is quietly working on the case and there may be more important developments later. Mr. Stanley has been in this section before, having been detailed on forger cases in Mesa on two different occasions and in each instance he was successful in landing his man.

### MESA

#### ARRIVED IN MESA IN A PRIVATE CAR

Detroit Members of the Mesa Improvement Co. Here to Look Over New Townsite Plans.

Leonel Bowen and D. M. Ferry, Jr., with friends, arrived in their private car yesterday noon and were carried on to Chandler town site. The work of putting the town site in shape is now in progress and the object of the visit of the Detroit members of the official board was to look over the ground and examine the plans of the management as to the proposed new town.

The party was met at Phoenix by Dr. A. J. Chandler and Senator Hanna had the autos at the station, Chandler, to show them over the site. The plan for the new town includes the grading of all streets, the laying of cement sidewalks and the erection of company offices, a big hotel and a new depot. The central park, around which the business section of the town is to be located, is also to be put in condition, with fountain, swimming pool, walks, etc. All of this will take time, but if the plans are carried out, the new town should be a quite attractive place of residence. A general merchandise store was opened at the town yesterday.

#### AT GILA BEND.

Chas. Sablin, John A. Galt and J. D. Robertson left for the lower Gila Sunday morning, to remain a couple of days. They have their plans all formulated for a big hog ranch and will stock it with a fine breed of porkers.

When you want a reliable medicine for a cough or cold take Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all druggists.

#### LEFT FOR COAST.

Robert Dunn, Mr. and Mrs. Wm. Ryan and Miss Margaret Ryan left yesterday evening for Phoenix and from there will go to the coast, continuing a tour begun at Chicago the first of this month and which will include California points and Mexico. While here they were entertained by John L. Dunn, of the law office of M. J. Daugherty. John L. is a brother of Robert Dunn and Mrs. Ryan.

#### ON SICK LIST.

Mrs. Geo. M. Fryer was reported on the sick list yesterday, suffering from an attack of la grippe.

#### HERE FROM KANSAS.

Robert E. Lee and F. M. Davis from Meade, Kansas, are in Mesa on business. The gentlemen have been in the valley on former occasions and have interests in this section.

#### FIVE POUND FISH.

A couple of Mesa gentlemen, who broke the Sabbath by fishing, returned to town with a good catch of salmon and carp. One of the latter weighed nearly five pounds. The fish were caught in the Consolidated canal.

#### RETURNED TO CALIFORNIA.

Mr. and Mrs. J. A. Rydberg, who have spent the winter months so far in Mesa, left yesterday for California, accompanied by Mr. and Mrs. Ed. Rydberg. They have homes at Cooperstown, California, where they are in the habit of spending the summer months. Mr. Rydberg recently sold what is known as the Ben Harrison ranch, consisting of forty acres of fine land, planted to orange and lemon trees, to Phil Metz. The land is located on the base line south of town.

#### A SCENIC WONDER.

Mr. and Mrs. L. M. Blood, of St. Louis, Mo., who have been in the valley for several days as the guests of Mr. and Mrs. A. F. Bellamy, have just returned from a four days' camping trip, which included a visit to the Roosevelt dam and reservoir. The visitors are enthusiastic over the scenery along the Roosevelt road, especially the canyon at Fish Creek and the curves at the approach to the dam. Mr. Blood has been over a great part of the United States and in foreign lands, and says he has never seen anything that even equaled the work accomplished by the government engineers in the construction of the road and the great dam. The visitors will be in the valley for two or three weeks and then go on to California and possibly north along the coast before returning to Missouri.

#### TO BE KNOWN IN TUCSON.

The president of the university at Tucson has asked the students of the Mesa High School to contribute to the university paper, "The Weekly Life," and hereafter that popular school weekly will contain news of Mesa. The doings of the high school will be prepared by the school's brightest journalists.

#### RANCHMEN WELL PLEASED.

Much favorable comment is heard in Mesa regarding the action of the Salt River Valley Water Users' association last Saturday. The resolution admits the strip of land lying between the old Highland canal and the New Highland (or Eastern) canal to the privileges of receiving water from the new canal. Colonel Chas.

F. Jones, Major Charles Hill and a number of other homesteaders who have lands in this strip, have promptly added twenty-five dollars per acre to the value of their holdings, and will undoubtedly double this when they have the water turned on and the fields of alfalfa sprouting.

#### MESA WEATHER.

A recurrence to winter weather took place during Sunday night. The thermometer dropped to 28 degrees and the electric alarms in the orange orchards sounded the danger signals. The maximum temperature for the twenty-four hours ending at 5:30 yesterday morning was 54 degrees. Yesterday afternoon, the temperature rose, but the indications are for a spell of cool weather; dry and fair.

#### VAUDEVILLE.

The Mesa Coliseum last evening gave three vaudeville sketches in addition to moving pictures. Manager "Bill" Menhennet keeps pace with the times and the Coliseum is becoming a very popular house of amusement. Mr. Theodor Bryce, formerly connected with some of the big road companies, gave a couple of comedy sketches and sang several catchy songs.

#### NEWS IN BRIEF.

Marshall Bowen spent Sunday with his family in Mesa. He reports the Bowen and Shumway contract on the Grand Canal progressing satisfactorily.

"Bud" Norton made an auto trip to Phoenix Sunday, accompanied by Misses Ollie and Druella Otterson and Jessie Robertson.

J. Erastus LeBaron was one of the several Mesa young people who spent a portion of Sunday at the Normal town. One of the attractions was the ball game between the bridge team and the town team.

Mrs. H. W. Davis returned yesterday to the I. V. ranch, beyond Fish Creek, accompanied by Miss Hazel Davis.

To the query, "What do you know in the way of news?" L. W. Bartholomew, in charge of the reclamation office in Mesa replied: "Nothing except what I read in the Republican. If it were not for the Mesa department, I never would know what was going on."

Misses Grace Peterson and Mabel Pomeroy were Tempe visitors Sunday. W. H. Gilbert has been making a desperate effort to be sick during the past few days. He has a lot of work laid out to do on the desert, and so far has found no way to avoid it.

What is known as "the noon train" was late in arriving yesterday, and left considerably behind time.

Montezuma tribe of Red Men will have a musical and literary program for tonight.

Humphrey & Stebbins of Phoenix have sold the Berlin Dye Works to P. H. Carr and Parley Merrill. The establishment is located in the Vance building on south side of Main street.

Mr. and Mrs. Frank W. Cerny and Miss Nina Alexander spent Sunday in Tempe, the guests of Dr. Alexander and family.

The title of Rev. W. S. Crockett's Sunday evening sermon was "Asleep in Church." The title was suggestive, even if not applicable to members of Mr. Crockett's congregation.

FACES FELONY CHARGE. PITTSBURG, Pa., Jan. 29.—Many sensations are expected to develop during the trial here of the Rev. Dr. W. D. McFarland of Cedar Creek, Tenn., who is charged with a felony in connection with the death of Miss Elsie Coe, his former secretary. Dr. McFarland, who is prominent as a clergyman and educator, was arrested about two weeks ago at his Tennessee home and brought to Pittsburgh and released on \$4,000 bond pending his trial. Except to assert his innocence and declare that he is not afraid to go to trial, Dr. McFarland has had little to say about the case. He returned without the formality of a requisition.

EIGHTY ACRE HOME.—All in alfalfa, plenty of shade and fruit, good water and improvements, two miles out; Price \$200. per acre but make an offer.

20 ACRES.—A nice home with fruit shade, good water and close to town only \$175. per acre; A snap in a 240 acre investment close to town at only \$70 per acre and \$3000 will handle it—plenty time on balance.

### LUMBER AT COST

I have two million feet of yellow pine timber grown on my ranch in Coconino county. My neighbors have several million feet more which I have an option on. I am forming a company to put a sawmill in and cut this timber and put it on the market at actual cost price to the stockholders in this company. Arizona has the largest yellow pine forest in the United States, and the Arizona home builder should have the benefit of it. I can produce all grades of yellow pine lumber at \$12.50 per thousand on cars at Maine, Arizona, or \$17.50 in Phoenix, and will put up a bond that I can do so. Here is the actual cost of producing lumber in Arizona:

Government stumpage price.....	\$ 2.50
Cutting logs .....	1.00
Hauling logs to mill.....	2.50
Sawing and stacking.....	2.50
Fire insurance on yard, per thousand .....	.50
Wagon haul to railroad.....	2.50
Making \$12.50 delivered at railroad. Freight to Phoenix, on a basis of 18 cents per hundred, \$4.50 per thousand.	
Unloading cars, 50 cents per thousand.	
Making \$17.50 for all grades of Arizona yellow pine lumber laid down in Phoenix.
